

## Tonbridge and Malling Borough Local Plan - Strategic Land Availability Assessment Call for Sites Submissions and Other Sites

**Notes:**

**Note 1** - Sites 185 to 419 are sites submitted to the Council in response to the Call-for-Sites exercise. Where more than one possible land use is indicated this either means alternative uses (usually on smaller sites) or mixed uses (mainly on larger sites).

**Note 2** - Sites 420 and above shown as "Other SLAA Sites" are areas of land closely related to sites that have been put forward in the Call for Sites exercise and/or are sites where it is known that some change has been contemplated previously, including sites identified in the Council's Urban Capacity Study 2006. They will be assessed in the same way as all the others in the schedule.

**Note 3** - Sites 1 to 184 (not included on the schedule) are sites already with planning permission and existing Local Plan allocations.
